WARRANTY

Cartridge World uses only the best quality imaging supplies and guarantees that cartridges refilled by our company will perform as well as the original manufacturers supplies under similar conditions. If you are dissatisfied with results of any of our refilled/remanufactured cartridges, please return the cartridge together with a test print and Cartridge World will either repair the faulty cartridge, credit the full amount against a new cartridge or provide a full refund in exchange for the faulty cartridge.

In the unlikely event of a claim that a cartridge refilled by Cartridge World caused damage to the printing mechanism of your equipment, please obtain a written statement from the equipment manufacturer stating how the Cartridge World refilled/remanufactured cartridge was responsible for the said damage.

Send this statement and the service invoice to us and Cartridge World will reimburse the full amount of the repair charge for any such valid claim.
